Encl: (1) MAGTFTC, MCAGCC FY13 FAP Table of Organization (T/O)  
(2) FY13 FAP Billet Requirement Notes  
(3) MAGTFTC, MCAGCC FY13 FAP Billet Distribution

1. Situation. To promulgate the Marine Air Ground Task Force Training Command (MAGTFTC), Marine Corps Air Ground Combat Center (MCAGCC) FAP Bulletin and to revalidate the annual requirements for the FAP between the Commanding General, MAGTFTC, MCAGCC and the Commanders of the tenant units residing aboard the Combat Center in accordance with reference (a).

2. Mission. To identify billet distribution and billets to be filled by the tenant units residing aboard the Combat Center by military occupational specialty (MOS), category, and other qualifications for the MAGTFTC, MCAGCC FY13 FAP.

3. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. To provide MAGTFTC, MCAGCC sufficient additional manpower resources to accomplish current, new, or increased tasking to support the resident operating force commands. The primary objective of the FAP is to augment manpower resources to provide adequate support to tenant units without degrading combat readiness. The secondary objective is to provide enhanced training opportunities for operational force Marines in a garrison environment.

(a) The FAP will not alter the established mission of either the tenant units or MAGTFTC, MCAGCC. Combat readiness of operational forces remains the primary consideration. Personnel provided to the MAGTFTC, MCAGCC FAP will remain an integral part of their unit, available for recall, and immediate deployment with their unit. Per reference (a), deployment is considered to be associated with operational contingencies, major exercises, and the unit deployment program for the purposes of this Bulletin.

DISTRIBUTION STATEMENT B: Distribution authorized only for MAGTFTC, MCAGCC directorates, special staff sections, and operational forces.

(b) Leaders of both supported and supporting organizations recognize that certain support functions will be required while portions of tenant units are deployed, and that there is no guarantee that a requirement contained in this FAP agreement will be filled, as FAP staffing is subject to unit deployment and training schedules.

(2) Concept of Operations. The FAP billets listed in enclosure (1) will be manned by the command or unit indicated. The billet requirements are outlined in enclosure (2). FAP billets and requirements will be complied with from the date of this Bulletin through 30 September 2013, in accordance with reference (a) and the agreement between the Commanding Generals of MAGTFTC, MCAGCC, I Marine Expeditionary Force, 1st Marine Division, 1st Marine Logistics Group, 3rd Marine Aircraft Wing, and the information contained in paragraph 3a(1)(b) above.

(a) Category 1 billets require a specific primary MOS. Operational and training opportunities for individual MOS skill maintenance and improvement are found predominantly at MAGTFTC, MCAGCC with only limited opportunities at the tenant unit. Tenant units should support these identified FAP requirements to 100 percent of their assigned onboard strength in that MOS when the situation permits. Category 2 billets also require a specific MOS. Operational and training opportunities for individual MOS skill maintenance and improvement are equally available at MAGTFTC, MCAGCC and the tenant units. Tenant units should support the identified FAP billet requirements in proportion to their assigned onboard strength in that MOS when the situation permits. Category 3 billets are any billets not in category 1 or 2 and do not require any specific MOS. Tenant units should support these billets in proportion to their overall onboard strength when the situation permits.

(b) The standard period for category 2 or 3 FAP assignments will be 6 months. To maximize MAGTFTC, MCAGCC's investment in training the Marines, all assignments should be for a minimum of 6 months. To protect the Marine's career development, assignments to category 3 billets should be no more than 12 months. Longer or shorter FAP tour lengths may be negotiated.

b. Subordinate Element Missions. Commanding Officers, Directors, and Officers In Charge will ensure:

(1) Implementation, assignment, administration, and operational control of personnel assigned to MAGTFTC, MCAGCC FAP billets will be in accordance with reference (b).

(2) Personnel assigned to FAP billets are issued FAP orders and transferred by the parent unit, as soon as practical, upon return from deployment. Personnel will be returned to their unit in sufficient time to begin their pre-deployment training cycle, separation processing, or other activities requiring the return of the Marine to his or her parent unit in accordance with reference (b).

(3) Personnel are moved to FAP billets or assigned duties other than those originally assigned only with the express written consent of both the parent unit commander or designee and the MAGTFTC, MCAGCC Personnel Officer.

c. Coordinating Instructions. Reference (a) contains policy and guidance on the FAP Marine Corps wide, which this Bulletin is based on.

Reference (b) contains local policy and procedures for FAP standard operating procedures for implementation, assignment, and administration of the MAGTFTC, MCAGCC FAP.

4. Administration and Logistics

a. Distribution statement B directives issued by the Commanding General are distributed via email upon request and can be viewed at <http://www.29palms.usmc.mil/dirs/manpower/adj/ccotoc.asp>.
