COMBAT CENTER BULLETIN 5100

From: Commanding General  
To: Distribution List

Subj: SAFETY TRAINING CLASSES AND MEETINGS FOR THE FOURTH QUARTER CALENDAR YEAR 2015

Ref: (a) CCO 5100.15J  
(b) MCO 5100.29B  
(c) MCO 5100.19F  
(d) Title 29, Code of Federal Regulations, Part 1910, "Occupational Safety and Health Standards," current edition  
(e) MCO 5104.1C  
(f) MCO 5104.3B  
(g) NAVSEA SWO020-AF-HBK-010

Encl: (1) Fourth Quarter Training & Meeting Schedule for CY15

1. Situation. The Marine Air Ground Task Force Training Command (MAGTFTC), Marine Corps Air Ground Combat Center (MCAGCC) coordinates and conducts occupational health and safety training classes and meetings for military and civilian personnel working aboard MAGTFTC, MCAGCC. These efforts are conducted under the oversight of the Assistant Chief of Staff G-7, Safety Division.

2. Cancellation. CCBul 5100 of 16 June 2015.

3. Mission. As directed by the references, this Bulletin outlines the fourth quarter Calendar Year 2015 (CY15) safety training schedules and meetings, as indicated in the enclosure.

4. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. Military and civilian personnel will be provided the safety training required to live and work in a safe manner, both on and off duty.

(2) Concept of Operations

(a) Location. All safety classes and meetings are conducted in Building 1447N, unless otherwise noted.

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

SEP 14 2015

(b) Uniform. The uniform is the uniform of the day for military members and appropriate civilian attire for civilian personnel, unless otherwise prescribed.

(c) All classes contain a minimum number of required participants. Personnel are advised to call the safety division the day prior to the class to confirm the class schedule.

b. Coordinating Instructions

(1) ALIVE @ 25 [Driver Improvement Class (DIC)]. All military personnel under the age of 26 must complete a minimum of four hours of instruction in traffic safety within the first 60 days of duty at MAGTF/TC, MCAGCC. This training establishes and reinforces a positive attitude toward driving, clarifies individual responsibility, and educates Marines on the correct responses of routine and emergency driving situations. This training is provided every Wednesday from 0730-1130 in the safety classroom or an alternate site, if required. Additionally, DIC instruction is provided for the student personnel of the Marine Corps Communication-Electronics School in Building 1738 on Mondays. The Safety Director may arrange special classes, when necessary. Upon course completion, each Marine will receive a course completion card. Marines must ensure this information is uploaded into their official military personnel file. For further information please call (760) 830-6154/8467.

(2) Attitudinal Dynamics of Driving, Remedial Driving Class. All personnel directed to attend remedial drivers training, by either the Traffic Court Judge or their unit commander, will attend the first available class. Pre-registration is required and students must register one week prior to the class convening date (Offered the third Thursday of each month). Personnel will register in person with the Safety Division at Building 1447N.

(3) Motorcycle Operator Safety Courses. Safety division offers a Basic Rider Course (BRC), Advanced Rider Course (ARC) and the Lee Parks "Total Control" - Advanced Riding Clinic (LPTC-ARC). Active duty military personnel who own or plan to purchase a motorcycle must take required courses in accordance with reference (c). Military family members, Department of Defense civilian personnel and retirees may take these courses, on a space available basis, at no cost. Class size is limited to twelve students. Students must pre-register at the safety division and complete a mandatory classroom motorcycle session before being allowed to ride motorcycles aboard MAGTF/TC, MCAGCC. Further information may be obtained from the safety division or by calling the motor vehicle safety instructor at (760) 830-6154.

(a) BRC. The BRC is designed to provide new motorcycle riders with the skills necessary to obtain a motorcycle endorsement on their state of California operator's permit, or their own state operator's permit. "Loaner bikes" are available.

(b) ARC. The following documents are required and must be presented when registering for the ARC: current motorcycle driver's license, valid vehicle registration, proof of insurance, and "Alive @ 25" (driver improvement card) if under 26 years old. Students must provide their own motorcycles in order to complete the practical application (riding) phase of training. Each individual's required personal protective equipment and motorcycle will be inspected upon registration.

SEP 14 2015

(c) LPTC-ARC. The LPTC-ARC is structured to improve the riding protocols of all motorcycle riders, regardless of the style of bike ridden. This class is recommended for all riders who have completed the BRC or ARC.

(4) Specialized Unit Training. Units that require special training to maintain combat readiness or compliance with directives may contact the safety division for assistance.

(5) Collateral Duty Safety Officer/Noncommissioned Officer Training Class. All unit safety personnel must receive a minimum of eight hours of initial safety instruction and six hours annually, thereafter. Please call (760) 830-8466 to register, as the classroom is limited in seats.

(6) Supervisor Safety Training and Refresher Training. This training is required for all supervisors within 90 days of appointment. It provides them with occupational safety and health training that includes: supervisory responsibility for providing and maintaining safe and healthful working conditions for employees; the agency occupational safety and health program, Section 19 of the Act, Executive Order 12196; occupational safety and health standards applicable to the assigned work places; agency procedures for reporting hazards; agency procedures for reporting and investigating allegations of reprisal; and agency procedures for the abatement of hazards, as well as other appropriate rules and regulations. This training consists of four hours of instruction, and includes safety indoctrination and mishap prevention. Annual refresher training is required once the course is completed.

(7) Naval Sea Systems Command Ammunition and Explosives Drivers Training Course. All drivers of vehicles carrying ammunition and explosives (A&E) shall receive a minimum of 12 hours instruction and training on driving trucks, truck-tractors with semi-trailers, and other appropriate vehicle types; handling and transporting A&E; regulations and procedures pertaining to the transport of A&E; the proper use of fire extinguishers, and completing and filing the required reports. Once the course is completed, all explosives drivers will meet the federal and state mandated training requirements to assume duty as an explosives driver. Each explosives driver shall be aware of their responsibilities and have a thorough knowledge of the regulations governing the movement of A&E shipments on-station, off-station, and over public highways. Units are to provide instructors for this training course. Prior to reporting for the class all students must possess the following:

(a) Valid U.S. Government Motor Vehicle Operator's Identification Card, OF-346.

(b) Valid state driver's license.

(c) Current Medical Examiner's Certificate for motor vehicle operators, per NAVMED P-117.

(d) Commander's nomination letter.

(e) Completion of Ammo 18 web based course at <https://www.nko.navy.mil/> is highly recommended.

SEP 14 2015

(8) Radiation Protection Assistant Training. All individuals involved in the storage, maintenance, or use of items containing radioactive material must complete this course upon assignment as Radiation Protection Assistant. This course is an introduction to the principles, concepts, protocols, and program requirements for radiological safety aboard MAGTFTC, MCAGCC. Call the Radiation Safety Manager at (760) 830-5065 for further information.

(9) Department of Defense Federal Hazard Communication Training Program. All military and civilian employees who are exposed to hazardous chemicals or materials in the performance of their duties must complete this training program. The training is presented by the supervisor and is a "one-time" class required upon assignment to those duties. Tactical units may request assistance with this training from their tactical safety specialist.

#### 5. Administration and Logistics

a. Notifications for classes listed as "to be announced" are made to appropriate units by the Safety Division.

b. Directives issued by this Headquarters are published and distributed electronically. Electronic versions of Combat Center bulletins can be found at <http://www.29palms.marines.mil/Staff/G1Manpower/AdjutantOffice/Bulletins.aspx>.

#### 6. Command and Signal

a. Command. This Bulletin is applicable to active duty, reserve service members, and their dependents, civilian personnel, and contractors working and living aboard the Combat Center.

b. Signal. This Bulletin is effective the date signed.

  
J. F. HARP  
Chief of Staff
