

Who is the MCAGCC School Liaison?

School Liaisons provide a thread of continuity between different duty stations. If you're expecting orders, the School Liaison at your next assignment can provide information on local schools and area services.

It is our goal to provide parents with timely and relevant information, so they can make the best educational decisions for their children. The School Liaison is committed to providing and maintaining the relationship between the installation and the school district, to educate for the military child.

At MCAGCC, Twentynine Palms, it is my privilege to coordinate support services and to maximize educational opportunities for your children. For residents of Twentynine Palms, Joshua Tree and Yucca Valley, your children will be attending Morongo Unified School District.

How do I find the School Liaison?

The best way to visit your School Liaison is to call and make an appointment. Your walk-in is welcome, however, your time is precious so it is important that the School Liaison is available to you.
