DIALING INSTRUCTIONS

OFFICIAL CALL INSTRUCTIONS

CALLING AREA: To call off base, dial 99, 1-760 and then dial the number listed in the Frontier Telephone Directory. **Personal calls outside the local calling area (Base Housing, 29 Palms, & Joshua Tree) must have alternate billing.**

UNOFFICIAL/PERSONAL USE OF TELEPHONES

Personal calls cannot result in a charge to the government even if the employee intends to reimburse the government. Calls into MCAGCC housing or local community do not incur a toll cost. **Calls to cell phones, regardless of the called party's physical location, CAN incur a long-distance toll charge.** Authorized personal local calls with government telephones must meet the following criteria:

- 1) Does not adversely affect the mission of the employee's organization or the performance of the employee's official duties.
- 2) Are of a reasonable duration and frequency.
- 3) Cannot call at another time. Examples of permissible local personal calls include:
 - 1) Checking on an immediate family member,
 - 2) making or canceling personal appointments,
 - 3) checking on the status of home or automobile repairs,
 - 4) notifying family of overtime requirements or other changes in schedules.

NOTE: Supervisors of government employees, both military and civilian, are responsible for ensuring no abuse of authorized use. Placing personal long distance toll calls from a government extension without alternate billing is prohibited, and in violation of federal law.

GENERAL INFORMATION

The Combat Center Telephone Directory is government property for official use by Combat Center personnel and other government activities. Subscribers in possession of the directory are responsible for its safekeeping. **Do not transmit information contained in the directory to any unauthorized person or agency.**

EMERGENCY CALLS

Relinquish your line immediately for an emergency call. Emergencies arise infrequently but when they do, your cooperation is essential.

MONITORING

Communications systems are for the transmission of official government information only. Additionally, they are always subject to communications security monitoring and communications management monitoring.

The use of the MCAGCC telephone system shall constitute consent to communications security and management monitoring in accordance with the DOD Directive 4640.1.

The purpose of telephone communications security monitoring is to provide a basis for analysis of determining the degree of afforded security in transmission and to:

1. Advise commanders on actual or possible security compromises.
2. Improve the security protection of telephone communications against hostile intelligence exploitation.

TELEPHONE ASSIGNATION

TELEPHONE NUMBERS ARE FOR THE BILLET, NOT THE INDIVIDUAL. Relocation of telephone numbers will **ONLY** be performed when the billet is relocating, **NOT** the individual.

“FOR EMERGENCY, DIAL 911 (LANDLINE) or CELL: (760) 830-3333/3334”

TELEPHONE ETIQUETTE

TELEPHONE ETIQUETTE IS IMPORTANT. The courtesy and efficiency of the person answering a call often forms the overall impression of a business office to a caller.

To help make that positive impression, here are thirteen tips on receiving a telephone call.

1. Answer as promptly as possible and answer each call as if it was the first call you received that day.
2. Identify yourself when answering.
3. Speak distinctly and pleasantly.
4. Avoid making abrupt, trite, or misleading statements.
5. When a call comes to your telephone concerning some matter that is outside your department, let the caller know at once that someone else should handle his call. Do not let the caller tell their story unnecessarily. Nothing is more irritating to a caller than having to repeat a message to several people.
6. Give the caller a report and make an offer to help. (e.g., "He stepped out of the office, may I ask him to call you?")
7. When necessary, give the caller an accurate phone number or extension to the person(s) requested.
8. Volunteer your own assistance. "May I help you?" or "Could anyone else help you?" often leaves a good impression.
9. Request identity of a caller only when necessary and do so in a tactful manner.
10. Explain off-the-line delays. Let the caller know you are going to have to put the phone down and why.
11. Take messages willingly.
12. Only if you know the correct number should a call transfer occur. No one likes the "run around"
13. Say good-bye pleasantly and hang up gently.

CLASS OF TELEPHONE SERVICE

DSN - Telephones authorized for conducting official government business via the Defense Switched Network to other DOD activities. These telephones have access to on-base telephones.

OFFICIAL - Telephones authorized for the transaction of official government business. This service provides access to the commercial telephone system and appropriated funds pay toll charge. This telephone service provides access to on base telephones, local and long distance.

UNOFFICIAL - Telephones authorized for unofficial use and may or may not have access to the local commercial telephone system. Non-appropriated funds or individual subscribers pay these charges. The designation of this class is:

B-2 Telephones installed for the use of commercial concerns, such as contractors, concessionaires, or other business activities, to include Morale, Welfare, and Recreation activities as identified in the Navy Comptroller Manual. This class has an option of being restricted to base or may have access to the commercial telephone system.

OFFICIAL RESTRICTED - Telephones installed for the transaction of official government business and restricted to the base calls only.

CONUS: Includes calling areas within the Continental United States, Hawaii, Alaska, and Puerto Rico.

LOCAL: Includes Housing, Twenty-nine Palms, & Joshua Tree.

“FOR EMERGENCY, DIAL 911 (LANDLINE) or CELL: (760) 830-3333/3334”

DSN DETAILS

AUTHORIZED USERS

MCAGCC DSN prefix is 230-XXXX.

Use of DSN is limited to subscribers with DSN access for official calls only. Users of Class A (without DSN access), B and C telephone service are not equipped or authorized to place outgoing DSN calls.

SECURITY

DSN is a **non-secure** voice network. Remember to exercise care in accordance with established security regulations to avoid divulging or alluding to classified information.

TIME LIMITATION

Subscribers placing DSN calls should limit their calls to the length needed to discuss official business only.

DIALING PROCEDURES

To place routine DSN calls, subscribers with DSN service will dial 94 and proceed to dial desired DSN number (7 digits). To place overseas DSN calls to the:

Conus region, dial 94+312+7-digit number.

Pacific region (to include Hawaii), dial 94+315+7-digit number.

Central/Middle East, dial 94+318+7-digit number.

Alaska, dial 94+317+7-digit number.

Canada, dial 94+319+7-digit number.

Australia, dial 94+715+7-digit number.

RESTRICTIONS

**** Unofficial or personal calls are *NOT AUTHORIZED* within the DSN system****

SECURE COMMUNICATIONS

SECURE TELEPHONE COMMUNICATIONS

Secure Communications Equipment is located throughout the Combat Center and all major commands aboard the Combat Center. In its design, this equipment can secure your telephone calls as necessary and allow standard non-secure communications when required.

SUPPORT

Contact your unit's COMSEC representative or the MCAGCC COMSEC Management Office at extension 830-7181/8690 for additional questions or information.

“FOR EMERGENCY, DIAL 911 (LANDLINE) or CELL: (760) 830-3333/3334”

IMPROVE YOUR TELEPHONE SERVICE

- A. Use current Telephone Directory provided.
- B. When dialing and encounter any of the following (no ring tone, consistent wrong numbers, noise on the line, etc.) this is a trouble. Please call the AC/S G-6 Helpdesk, 830-7141/Option 3.
- C. Do not leave the handset off its cradle. Telephone exchange equipment will automatically detect this condition and place number out of service.
- D. Do not disconnect the telephone instrument from its cord or wall-jack. Telephone exchange equipment will continue to access that number.
- E. Have pencil and paper available to record telephone number requested from Directory Assistance.
- F. Any complaints or information required regarding telephone service should be directed to the AC/S G-6 Help Desk at 830-7141/Option 3
- G. Do not request off-base Directory Assistance unless it is **ABSOLUTELY NECESSARY**. Consult your city directory for these numbers. There is a charge for off-base information.
- H. Hang up for 4 seconds BETWEEN calls. This allows telephone switching equipment sufficient time to release the previous circuits.
- I. Do not place unauthorized personal equipment on the line or attempt to relocate your telephone yourself.

TAMPERING WITH TELEPHONE EQUIPMENT

MCAGCC G-6 provided Telephone instruments; associated wiring and other items only personnel specifically assigned to the Combat Center G-6 Telephone Division can move this equipment. If tampered with, connected, or disconnected by personnel other than those specified service will be subject to immediate disconnection and removal if unauthorized personnel have, in any manner, tampered with the installation.

WARNING UNOFFICIAL CALLS: Placing personal long-distance calls and billing them to a government number is in violation of federal law.

TELEPHONE SERVICE REQUEST

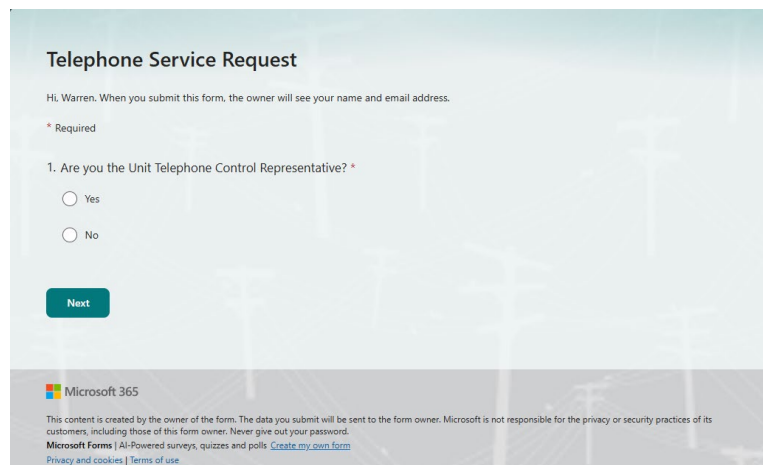

The UTCR submits a TSR in the [Telecommunications Systems Division \(TSD\) SharePoint Site](#):

All government UTCR CAC holders should be able to enter the site. If unable to enter the site, please contact <smbplmsg-6voice@usmc.mil>, for access or the G-6 Helpdesk, 830-7141/Option 3 for an electronic version of a TSR.

Once on the SharePoint page click the telephone with “Telephone Service Request Form” written over it.

A request form will open as pictured below:

Complete the form. **PLEASE NOTE:** only the UTCR is to complete and submit this form.

If you have received the electronic form from the G-6 Helpdesk, please complete it as outlined below:

1. For relocation of telephone instruments, complete “move” section.
2. Include COMPLETE JUSTIFICATION and floor plans on new installations or relocations.
3. Date service request submitted.
4. Name of Unit Telephone Control Representative (UTCR)
5. Email address of UTCR
6. Type of request and the telephone number if it is an existing number.

FIBER REQUEST

The customer submits a request in the [Telecommunications Systems Division \(TSD\) SharePoint Site](#):

All government UTCR CAC holders should be able to enter the site. If unable to enter the site, please contact <smbplmsg-6voice@usmc.mil>, for access or the G-6 Helpdesk, 830-7141/Option 3 for an electronic version of a TSR.

Once on the SharePoint page click “Fiber request form”.

A fiber request form will open as pictured below:

A screenshot of a web form titled "Fiber Optic Media Request Form". The form contains several numbered instructions and a section for "Requestor Information" with four required fields: Name, Email address, Telephone Number, and Organization. Each field has a text input box with a placeholder "Enter your answer". A "Next" button is at the bottom left of the form area.

Fiber Optic Media Request Form

1. Requests for the allocation of PLMS G-6 fiber optic media will only be accepted from Government personnel (Active Duty or Government Civilian). Requests will not be accepted from contractor personnel.
2. Requests for the allocation of PLMS G-6 fiber optic media are subject to availability of fiber strands. The PLMS G-6 provides no guarantee of request fulfillment.
3. Please note: The "A" and "B" side represent the two buildings you need a connection between. Provide as much detail as possible regarding the physical locations of the devices between which you require connectivity.
4. The assignment of strands of fiber optic media by the MCAGCC G-6 does not constitute authorization or endorsement to establish connectivity to any particular system or systems. All systems in use within the Marine Corps must have a current Authority To Operate and/or Authority To Connect (ATC/ATC) signed by the Marine Corps Designated Approving Authority (DAA) or Authorizing Official (AO) prior to operating. All systems and connections must comply with all applicable orders and directives.
5. The PLMS G-6 reserves the right to terminate connections or deallocate strands of fiber optic media in order to restore critical systems or provide emergency services.
6. The requesting organization is responsible for providing all electronics, connectors, fiber jumpers (fiber patch cables) and associated equipment and supplies required to facilitate the requested connection. The PLMS G-6 does not provide these items in support of allocated strands of fiber optic media.
7. Allocation of physical media does not constitute authorization or justification for personnel from the requesting unit to be granted unescorted access to any G-6 controlled spaces (communications closets, distribution nodes, etc.). All non G-6 personnel must be escorted while in these spaces.
