Encl: (1) Data Call Workbook

1. Situation. Headquarters United States (U.S.) Marine Corps (HQMC) budgets for replenishment, replacement, and acquisition of general equipment, and executes with centrally managed Operations and Maintenance Marine Corps, and Procurement Marine Corps funds. HQMC Program Evaluation Board submits long-range requests to Congress for selected general (formerly garrison) equipment programs based on requirements submitted to HQMC by installation commanders. The references assign roles and responsibilities, stressing the importance of detailed planning and life-cycle management of property to minimize harmful effects. Life-cycle management encompasses the acquisition program, in-service support and sustainment, modernization, and final disposal. Harmful effects include reduced readiness, limited capabilities, lower levels of service, and poor resource management.

2. Mission. To publish instructions for submitting all requirements for general equipment acquisition, replenishment, replacement, refurbishment, and refurbishing programs for fiscal years 2027 through 2033, electronically to the Consolidated Material Support Center (CMSC) no later than (NLT) 15 May 2026.

3. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. Develop a complete and comprehensive prioritized operating plan to sustain installation readiness, joint capability areas, and Common Output Levels of Service in the years required in accordance with the references, the vision, and strategic plans of Marine Air Ground Task Force Training Command (MAGTFTC), Marine Corps Air Ground Combat Center (MCAGCC), and Marine Corps Mountain Warfare Training Center (MCMWTC).

(2) Concept of Operations

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

APR 17 2026

(a) All supported activities shall request centrally managed funds for equipment acquisition, replenishment, replacement, refurbishing, and refurnishing. Focus submission of requirements on those items of equipment essential to productivity or efficiency, optimize the use of space, or improve living or working conditions. Requirements for appearance, décor, or status are only authorized in conjunction with essential requirements, approved quality of life programs, and as allowed by law.

(b) The following is a list of programs for acquisition, replenishment, and replacement covered in this Bulletin and described in the additional material cited in paragraph 3.c(1) below.

1. Personal Support Equipment (PSE).
2. Command Support Equipment (CSE).
3. Warehouse Modernization (WM).
4. Food Preparation and Serving Equipment (FPSE).
5. Collateral Equipment (CE) for Military Construction (MILCON) and Facilities Sustainment, Restoration, and Modernization (FSRM).
6. Whole Room Concept (WRC) (Dining Facility).
7. Information Technology (IT).

(c) The requesting organization is responsible for securing all approvals, waivers, surveys, or other supporting documentation needed for the acquisition and employment of the requested equipment. For example, the organization must ensure that all site approvals, National Environmental Policy Act (NEPA) reviews, Information Procurement Request Review/ Approval System documentation (ITPRAS), Universal Needs Statements (UNS), licenses, permits, and waivers are completed. CMSC will not process the request if the required supporting documentation is not provided.

(d) Additional personnel or local annual funding may be required to operate or maintain the requested equipment. It is the responsibility of the requesting entity to plan, program, or arrange for operation and maintenance of the equipment.

b. Subordinate Element Tasks

(1) All MCAGCC staff and tenant organizations not listed below will submit requirements to the CMSC points of contact (POCs) for PSE, CSE and WM, via their CO, AC/S, DivDir, Special Staff Officer, or OIC for concurrence and prioritization.

(2) AC/S, G-6 Communications. Induct IT requirements directly into the HQMC General Property and Equipment Application (GPEAPPS).
