4. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. This Order provides instructions and requirements for the development of a comprehensive Commemorative Naming Program for the naming of streets and facilities as a primary means of honoring tradition, building esprit, and transmitting Marine Corps heritage and history to current and future Marines and Sailors.

(2) Concept of Operations. Commemorative naming of installation buildings, facilities, streets, parks, sites, and other property is appropriate in honor of individuals highly regarded within the Marine Corps and the local community. The proposing command shall collect and research the names of nominees and submit them to Installation's CNRB. The list will be routed to the Marine Air Ground Task Force Training Command (MAGTFTC), MCAGCCG, Commanding General (CG) for concurrence, and forwarded to the Commandant of the Marine Corps (CMC) via the Director of Marine Corps History (HDR) for final approval.

convened. The CNRB shall be comprised of the Chief of Staff (C/S), MAGTFTC, MCAGCC Sergeant Major, Assistant Chief of Staff (AC/S), G-3, AC/S, G-4, AC/S, G-7, and the Public Works Officer (PWO).

(2) The naming request shall include explanatory and supporting documentation. This may include but is not limited to, the individual Marine and/or Unit Award Citation(s), biographical data, official photographs, newspaper clippings and/or articles, reports, copies of letters, and official correspondences.

(3) Property will be named for individuals highly regarded within the Marine Corps and local communities. Names of deceased Marines, or members of other military organizations who died in service with Marine Corps units, will be considered for use first; however, names of others who made outstanding contributions of a lasting nature, either to the Marine Corps or to the welfare of Marines, may also be considered. Preference will also be given to nominees who were assigned to a tenant command/activity aboard the Combat Center or have made substantial contributions to the Combat Center.

(4) Naming requests by tenant commands/activities shall be forwarded initially through the originator's chain of command. Favorable (recommending approval) endorsements from the tenant commands/activities chain of command are essential before any action will be taken by the CNRB.

(5) Upon receipt of the naming request and endorsement(s), the G-4, Public Works Division (Planning Branch), will conduct a review of the package for proper formatting and content prior to submission to the CNRB. Upon submission, each member of the CNRB will review the naming request package and provide a recommendation for the CG's endorsement.

(6) Upon the CG's concurrence with the recommendation, the Commemorative Naming package will be forwarded to the HDR and CMC for final approval.

(7) Facilities to be named will be selected with special consideration being given to age, condition and expected future life span, use and utilization pertaining to Installation Master Plans and updates. Once named, the name of a facility or property will not be changed unless the original name becomes manifestly inappropriate.

(8) To avoid potential embarrassment or disappointment, commands must avoid discussing a nomination with the next of kin. No public disclosure of any nomination will be made prior to HDR and CMC final approval.

(9) Upon HDR and CMC final approval, the requesting command will make every reasonable effort to contact the next of kin or descendants to obtain concurrence and to invite their participation in the dedication ceremony.
