2. Cancellation. CCO 3504.1A.

3. Mission. To provide subordinate and tenant commands with a list of current MAGTFTC, MCAGCC CCIRs and instructions in order to convey reportable events or incidents to appropriate authorities in a timely manner per the references.

4. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. To provide MAGTFTC, MCAGCC units with the information required to submit CCIRs to the Commanding General (CG), and the Chief of Staff (C/S) for reportable events as outlined in enclosure (1).

(2) Concept of Operations

(a) The CCIRs contain information that the CG wants to be made aware of as quickly as possible, and are categorized into one of two levels of notification: urgent and priority.

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

The reporting organization will notify the CG via the C/S by phone or email and the message will contain the basic following information: Who, What, When, Where, Why, How, and Way Forward.

(b) In most reportable occasions, the MAGTF/TC, MCAGCC Command Duty Officer (CDO), MAGTF/TC subordinate commander, or MCAGCC tenant commander will most likely be the initial reporting action officer/organization to be made aware of a reporting incident and will be responsible for reporting a CCIR which may occur whether in their command or aboard the Combat Center. Engaged follow-up is expected in all CCIRs that are reported, along with any required reports, such as an Operations Event/Incident Report (OPREP-3) / Serious Incident Report (SIR) or notification to an adjacent action agency required to resolve any reported incident. For all reportable CCIRs of an immediate nature, if contact cannot be established within 15 minutes, the reporting agency is to take action to resolve the matter, but should continue to attempt to contact to the CG via the C/S or via the CDO until successful communication has been made. For priority CCIRs, reporting agencies are to make every attempt to establish contact within the time frame listed for these types of incidents, and in cases when they are not able to make solid communication with the command deck, should report the matter to the MCAGCC CDO and follow-up in 24 hours on the matter, as applicable. CCIRs will be submitted as follows:

b. Subordinate Element Missions

(a) Utilize the reporting criteria outlined in enclosure (1) and the guidance published in the references to identify circumstances requiring further reporting.

(b) If criteria is satisfied, submit OPREP-3/SIR reportable events or incidents to the Headquarters Marine Corps Operations Center (MCOC) with initial information known at that time. Do not delay the reporting to the MCOC by attempting to gain complete and comprehensive awareness of the situation or by notifying intermediate higher headquarters (HHQ). The Report Control Symbol for this reporting requirement is EXEMPT.

(c) After notification to the MCOC, provide initial report via appropriate chain of command, e.g., MAGTF/TC, MCAGCC CDO to C/S and subordinate command representative such as the Adjutant to unit Executive Officer (XO) and commander.

(d) Provide a voice report to the MCOC within 30 minutes of initial notification and then notify the duty officer within your next HHQ.

(e) The completed OPREP-3/SIR will include all intermediate headquarters as addressees and must be released to the MCOC by the originating command within six hours of the SIR.

(2) MAGTF/TC, MCAGCC C/S, MAGTF/TC Subordinate Commanders and MCAGCC Tenant Commanders. Upon notification from CDO or subordinate command representative, provide voice report via chain of command.

(a) MAGTF/TC, MCAGCC C/S. Provide report to CG with courtesy notification to the MAGTF/TC, MCAGCC Sergeant Major.
