

# MARINE CORPS AIR GROUND COMBAT CENTER MONTHLY CRIME PREVENTION

**APRIL**

*Crime Prevention is an active program that combines public awareness & preventive measures to reduce crime.*

The focus for this month is **Sexual Assault Awareness and Prevention!** Sexual harassment, assault, or abuse can happen anywhere, to include online. For so long cyberbullying and Harassment have become expected as unavoidable behaviors online. In coordination with National Sexual Violence Resource Center (NSVRC), the Provost Marshal presents the idea of *Building Safe Online Spaces Together* and here is how:

Create a pathway for respectful online spaces by practicing digital consent.

Ask permission prior to sending explicit messages or texts.

Whether you are online or offline, connect with respect.

Intervene when you see harmful content and behaviors.

Promote online communities that value respect, inclusion, and safety.

Protect children from the dangers of online exploitation.

Remember virtual harassment can leave lasting harm, as the content is often public, inerasable, and just as emotionally damaging as in-person. Join advocates, survivors, and supporters by getting involved and participate in the #30DaysOfSAAM.
