

MARINE CORPS AIR GROUND COMBAT CENTER CRIME PREVENTION SNAPSHOT

Crime Prevention is an active program that combines public awareness & prevention measures to reduce crime

August sets focus on **Summertime Protection**. The close of summer is nearby, but as some celebrate summertime, others celebrate summercrime. As you venture on last vacations or start preparing children for school, there are still crimes to prevent/avoid. Here are some final summer protection tips:

Secure your home/barracks whether on vacation or present in the area. Also include use of lights & assessment/replacement of locks.

Make your house/barracks a difficult target by locking gates, doors, windows & keeping vegetation trimmed.

Monitor your children while shopping for school supplies, to ensure they don't shoplift or commit any crimes.

Lock your vehicle when unattended, plus be sure to follow all posted speed limits & signs when traveling.

These prevention tips are simple & there are many more like it. Be vigilant to remain updated on all crime prevention tips & share them with friends & family!

Enjoy the final bits of summertime & be...summercrime free!
