*Crime Prevention is an active approach that combines public awareness & prevention measures to reduce crime*

April 2024 brings focus on SAAM.

In 2020, PMO joined the National Sexual Violence Resource Center (NSVRC) for Sexual Assault Awareness Month (SAAM). This year we are *Building Connected Communities* to reduce likelihood of sexual abuse, assault & harassment in all communities, which includes workplaces, neighborhoods & even online.

**SAAM's mission is to increase public understanding of sexual assault & educate communities on ways to prevent it.**

**In a connected community, we can look out for one another & make choices to promote health, safety & well-being.**

**We must recognize that how we talk about sexual violence impacts survivors, families, society & the whole community.**

**Building connected communities brings us closer to the goal of health equity, which means everyone has a chance & opportunity to be the best.**

**Tag related posts throughout April with #SAAM or #SAAM2024, and #ConnectedCommunities / #HealthEquityMatters / #30DaysofSAAM**

**Learn to take steps in building connected communities & enhance knowledge of sexual assault, harassment & abuse. For information visit [www.nsvrc.org/saam](http://www.nsvrc.org/saam).**
