      (1) Basics

      (a) The post (10’X 19’) flag is flown on normal weekdays, the storm (5’X 9’) flag is flown during inclement weather, and the garrison (20’X 38’) flag is flown only on Sundays and holidays.
(b) CDO must call the weather forecaster at (858) 577-4028, before morning colors to determine which flag to use.

(c) High winds (15 knots or more) use storm flag, even if it is a Sunday or holiday.

(d) Ropes and fasteners on the flag pole have been redone and now both sides are the same. Thus, the storm, post, and garrison flags can be hoisted on either the LEFT or RIGHT side.

(e) The lanyard contains four fasteners. The top fastener is used for all 3 flags, the 2nd is for the bottom of the STORM flag, the 3rd is for the bottom of the POST flag, and the 4th is for the bottom of the GARRISON flag.

(f) The CDO will ensure the flag is raised entirely to the top of the pole and secured.

(g) In case of a storm warning, change to the STORM flag 1-2 hours prior to the forecast time of inclement weather.

(2) Color Guard Detail

(a) The Combat Center Working Party provides the color guard detail Monday through Friday.

(b) HqBn Barracks Duty personnel will provide the color guard detail on weekends and holidays.

(3) Colors

(a) Evening Colors. Check times posted on the bulkhead, provided by Provost Marshals Office, to verify the exact time of sunset, or call the Desk Sergeant to verify.

1. The Provost Marshal’s Office (PMO) will automatically play the five minute warning and evening colors. In the event that the five minute warning misses the time-hack, call PMO dispatch at (760) 830-6800.

(b) Morning Colors. At 0700, check the weather forecast; 15 knots or greater, raise the storm flag and annotate this in the logbook.

1. PMO will automatically play the five minute warning and morning colors.

(c) Call the Installation Support Directorate (ISD) Installations Operations Officer at (760) 830-3718 or the Installations Operations Chief at (760) 830-8295 during working hours, Monday-Friday, or the HqBn OOD at (760) 830-6566 on Friday evenings, Saturdays, Sundays, and holidays, one hour prior to evening colors, to ensure the color guard detail will be on time.

(d) Ensure color guard uniformity. The Color Guard shall not be on the Body Composition Program or on light duty. If the CDO determines, for
any reason, a member of the Color Guard is unfit to perform his or her
duties, the CDO will call for a replacement, give the reason, and make a log
book entry.

(4) Half-Staffing

(a) When the national ensign is displayed at half-staff, it is
first hoisted to the peak until morning colors music has ended, then lowered
to the half-staff position. Before lowering, the national ensign, again,
shall be raised to the peak.

(b) A flag in any position below the peak is considered in the
half-staff position; but the mid-point of the hoist of a flag at half-staff
shall be halfway between the top and foot of the mast. Do NOT use the
Garrison flag if half staffed (even if it is a Sunday or holiday), as it may
entangle in a palm tree.

b. Generals' Flags. Lowered or raised ONLY when directed by Protocol,
PMO, or Command Deck personnel.

c. Retirement/Special Request Flags. There will be times where the
Command Deck will give the CDO/CDSNCO a flag to fly in accordance with Combat
Center Order 1650.1F. In those cases, make a logbook entry. These flags are
to be flown AFTER EVENING COLORS ONLY. Once evening colors is complete the
Color Detail will hoist the retirement/special request flag, render proper
salute, lower, fold, and return the flag to the CDO/CDSNCO.

15. Heat Condition Flags (1 May - 30 Sep)

a. MAGTF Training Directorate (MTD) manages the heat condition flag
during working hours, the CDO/CDSNCO manages the flag during non-working
hours. Take the heat condition flag down after evening colors has been
completed and place in the Flag wall locker in Room 109.

b. On weekends and holidays call the Naval Hospital Twentynine Palms
Quarter Deck, at 830-2190, or use the below link: http://www.med.navy.mil/
sites/nhttp/Pages/FlagCondition.aspx to determine which flag is appropriate
for the current heat condition.

16. Foreign Visitors. There will be times when a foreign visitor or foreign
group arrives at MAGTF-TC, MCAGCC at an earlier date than expected, listed on
an Approved Foreign Visitor Request (FVR), either during or after normal
business hours. The Foreign Visitors Officer can be reached at 760-830-1167.
The following guidance is provided for after-hours and holidays:

a. No FVR

   (1) Ask them to return during normal working hours (approximately
   0800 next regular working day).

   (2) Collect their information: Rank, full names, and at least one
   U.S. phone number to contact them, and the reason they arrived early.
(3) Place this information in the logbook and send an email to the FDO and the Escort listed on the hard copy FVR (this hardcopy will come from Vehicle Registration).

b. Early Arrival and Approved FVR. If the arrival is within a "reasonable timeframe" of the date on the FVR, the CDO can allow access.

   (1) Collect their information, make notes on the FVR, and log this information in the logbook. The person/group "MUST HAVE" a local/U.S. phone number to be contacted.

   (2) Permit access.

   (3) Send an email to the FDO and the Escort that they arrived early, the reason for an early arrival, and include contact and location information.

   (4) If, for whatever reason, the CDO is not comfortable making this decision call the FDO first, then the Deputy AC/S G-3, and finally the AC/S G-3.

c. Names Not on the FVR. There will be times when some names will not be on an FVR. Perhaps the personnel were added at last minute. Do the following:

   (1) If it is a small group and some visitors are not on the FVR then use your best judgement.

   (2) If the CDO decision is to allow access then follow the guidance below:

      (a) Coordinate with the ranking foreign visitor.

      (b) Collect ranks, full names, ID numbers, their local/U.S. phone number, and their location aboard MAGTFTC, MCAGCC. Log this information in the logbook and on the FVR.

      (c) Make notes about why the visitors were not on the FVR.

      (d) Permit access to additional visitors ONLY if they have appropriate ID.

      (e) Send an email to the FDO and the Escort (listed on the hard copy FVR) with all this information.

   d. In the case of a large group training exercise (i.e. Black Alligator), and provided that the senior member from the training unit can verify the undocumented visitors; allow them access, but ensure the above procedures are followed.

1. I understand that I will be carrying a Condition 1 M9 Service Pistol. In doing so I will ensure I follow all safety rules (listed below):
   a. Treat every weapon as if it were loaded.
   b. Never point a weapon at anything you do not intend to shoot.
   c. Keep your thumb off the trigger until ready to fire.
   d. Keep the weapon on safe until you intend to fire.

2. I understand the four weapons conditions of the M9/M9A1 Service Pistol:
   a. Condition 1 - Magazine inserted, round in chamber, slide forward, hammer down, and safety off. With a minimum of one additional fully loaded magazine.
   b. Condition 2 - Not applicable to the M9/M9A1 Service Pistol.
   c. Condition 3 - Magazine inserted, chamber empty, slide forward, safety on.
   d. Condition 4 - Magazine removed, chamber empty, slide forward, safety on.

PART C - INDIVIDUAL ACKNOWLEDGEMENT OF SPECIFIC INSTRUCTIONS FOR ARMED SECURITY REGARDING THE USE OF FORCE

1. Inherent Right of Self Defense: Unit commanders always retain the inherent right and obligation to exercise unit self-defense in response to a hostile act or demonstrated hostile intent. Unless otherwise directed by a unit commander as detailed below, I may:
   a. Exercise individual self-defense in response to a hostile act or demonstrated hostile intent.
   b. However, I understand that when I am assigned and acting as part of a unit, my individual self-defense should be considered a subset of unit self-defense. As such, the unit commander may direct my inherent right of self-defense.

2. De-escalation and the Use of Non-Lethal Force: I understand that:
   a. When time and circumstances permit, the threatening force should be warned and given the opportunity to withdraw or cease threatening actions.
   b. Normally, force is to be used only as a last resort, and the force used should be the minimum necessary. The use of force must be reasonable to counter the threat. If force is required, non-lethal force is authorized and may be used to control a situation and accomplish the mission.
   c. Defense of DoD forces, defense of non-DoD persons in the vicinity if directly related to the assigned mission, or in defense of the protected property when doing so is reasonable under the circumstances.

3. The Use of Deadly Force: Deadly force is to be used only when all lesser means have failed or cannot reasonably be employed. Deadly force is authorized under the following circumstances:
   a. When there is reasonable belief that a person(s) poses an imminent threat of death or serious bodily harm to DoD persons. Self-defense includes defense of other DoD persons in the vicinity.
   b. In defense of non-DoD persons in the vicinity, when directly related to the assigned mission.
   c. When deadly force reasonably appears to be necessary to prevent the theft or sabotage of properly designated assets vital to national security. We have one Level 3 restricted area aboard MCAGCC. This area is the Sensitive Compartmented Information Facility located in the 7th Marines Regiment Building 1538. Deadly force is authorized in this area to prevent the theft or removal of classified information.
   d. When deadly force reasonably appears to be necessary to prevent the theft or sabotage of inherently dangerous property (i.e., explosives, weapons ammunition, etc.).
   e. When deadly force reasonably appears to be necessary to prevent the sabotage of national critical infrastructure. For the purposes of DoD operations, "national critical infrastructure" is defined as President-designated public utilities, or similar critical infrastructure, vital to public health or safety, the damage to which the President determines would create an imminent threat of death or serious bodily harm.
4. Additionally, when directly related to the assigned mission, deadly force is authorized under the following circumstances:

   a. When deadly force reasonably appears to be necessary to prevent the commission of a serious offense that involves imminent threat of death or serious bodily harm (for example, setting fire to an inhabited dwelling or sniping), including the defense of other persons, where deadly force is directed against the person threatening to commit the offense. Examples include murder, armed robbery, and aggravated assault.

   b. When deadly force reasonably appears to be necessary to prevent the escape of a prisoner, provided there is probable cause to believe that such person(s) have committed or attempted to commit a serious offense that involves imminent threat of death or serious bodily harm, and would pose an imminent threat of death or serious bodily harm to DoD forces or others in the vicinity.

   c. When deadly force reasonably appears necessary to arrest or apprehend a person who, there is probable cause to believe, has committed serious offense (as indicated in paragraph 3, above).

5. Additional Specific Instructions:

   a. I am prohibited from firing warning shots.

   b. I will remove my pistol from my holster only when:

      (1) The use of deadly force is imminent, or to affect the apprehension of a suspect I believe to be armed or dangerous, or to gain control of the dangerous situation.

      (2) Ordered to do so by competent authority.

      (3) Returning it to storage.

      (4) Cleaning it in an authorized area.

   c. I will show due regard for the safety of innocent bystanders when using force.

6. I will not point any firearm at any person, except:

   a. To gain control of a situation.

   b. When I intend to use deadly force.

7. If I remove my pistol from its holster, proper notification will be maintained of a Statement of Force form (NAVMC 11130) completed. The NAVMC 11130 is available on the Naval Forms Online site at https://forms.documentsservices.dla.mil.

8. When clearing a firearm, I will follow current policies and procedures pertaining to firearms handling, clearing, and safety,

   a. When drawing a weapon from the RMQ armory, rounds will be drawn after ensuring the weapon is clear.

   b. When returning a weapon to the RMQ armory, rounds will be properly accounted for and turned in prior to clearing the weapon, unless a round has been chambered.

   c. I will report any violation of these policies or procedures immediately to the proper authority.

9. I am prohibited from using a privately owned firearm or ammunition on duty.

10. Acknowledgment: I have been instructed concerning the use of deadly force and acknowledge that I understand and will comply with the basic rules for the use of force and weapons safety. I acknowledge that failure to comply with the basic rules for the use of force and weapons safety may result in administrative discipline and/or criminal penalties.
