Intelligence Oversight Initial and Annual Refresher Training Brief

1. Purpose. This information is intended to provide the baseline curriculum for an intelligence unit or staff Intelligence Oversight awareness program for MAGTFCTC, MCAGCC.

2. Background. To deter all DoD intelligence agencies and personnel from infringing upon the Constitutional rights of U.S. persons, all military, civilian, and contractor personnel serving in intelligence and counterintelligence billets or units that are required to be knowledgeable of Intelligence Oversight policy.

3. DoD/DON/MAGTFCTC, MCAGCC Intelligence Oversight Program
   a. Intelligence Oversight is the process of ensuring that all DoD/DON/MAGTFCTC, MCAGCC intelligence, counterintelligence, and intelligence related activities are conducted in accordance with applicable U.S. law, Presidential Executive Orders, and DoD/DON/USMC, and MAGTFCTC, MCAGCC directives and regulations.
   b. The DoD Intelligence Oversight program has two main objectives. The program is designed to ensure that the DoD can conduct its intelligence and counterintelligence missions while protecting the statutory and constitutional rights of U.S. persons.
   c. The term "U.S. persons" includes U.S. citizens, but it is broader. It also includes permanent resident aliens, unincorporated associations substantially composed of U.S. citizens or permanent resident aliens, and corporations incorporated in the U.S. and not directed and controlled by a foreign government.
   d. The Marine Corps Intelligence Oversight program falls within the purview of the Inspector General and applies to all personnel assigned or attached to units or staffs with a designated intelligence mission. These include Active, Reserve, Temporary Additional Duty, and contractor personnel.
   e. Generally, Marine Intelligence personnel may not intentionally target, collect, retain, or disseminate information on U.S. persons CONUS or OCONUS. Information pertaining to U.S. persons posing a threat to DoD personnel, resources or activities, is criminal information and falls under the purview of law enforcement and security.
   f. Exceptions do exist which allow intelligence and counterintelligence components to receive, retain, and disseminate information on U.S. persons. Even under these circumstances, military intelligence personnel are limited to the 13 categories of information laid out in Procedure 2 of DoD Regulation 5240.1-R.

4. Questions. Questions concerning Intelligence Oversight and the targeting, collection, retention, or dissemination of information concerning U.S. persons should be addressed to the MAGTFCTC, MCAGCC SIO, SJA, or CIG. Violations and even "questionable activities" (actions that may be violations) must be referred to IGMC, Oversight Office. Commanders/OICs must ensure no adverse actions are taken against personnel who report questionable activities.

Enclosure (1)
5. Bottom Line Caution. Any occasion where our intelligence or counterintelligence personnel seem to require collection, retention, or dissemination of information on U.S. persons should be run by the Inspector General and SJA first. Any and all MAGTFTC, MCAGCC organizations conducting activities (training/operations/any other) that may target, collect, retain, disseminate or report information concerning U.S. persons must be forwarded to the SIO via vetting by the SJA and CIG for approval by the CG.
