

Barber Shop

The barber shop in the Camp Wilson Exchange offers affordable military-regulation haircuts. Hours based on training schedule.

Exchange

Camp Wilson Exchange, Bldg 5400, provides convenience items, grab-and-go meals and uniform accessories. Hours vary based on training schedule.

Fitness Center

Camp Wilson Fitness Center, Bldg 5411, offers machines, free weights and cardio equipment.

Warrior Club

The Warrior Club, Bldg 5410, offers breakfast, lunch and dinner. Wi-fi is available.

Battle Simulation Center

The Battle Simulation Center, Bldg 5502R1, provides live, virtual and constructive simulation training systems including Combat Convoy Simulator, Operator Driver Simulator, HMMWV Egress Assistance Trainer, MRAP Egress Trainer and Deployable Virtual Training Environment capabilities. Call (760) 830-4643 for training options.

ESD Forward

ESD Forward in Motor pool 4 is the first stop for maintenance to ESD-issued motor transport and engineer equipment that exceeds EXFOR maintenance capabilities. Bulk SL-3 and SL-4 for motor transport assets are issued and returned at the lot.

General Dynamics

General Dynamics repairs and replaces hardware-related problems within the COC systems for all units. ESD owns COC systems issued to units for ITX training.

MCOTEA

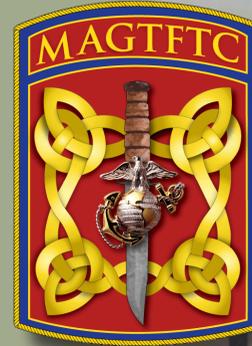

Marine Corps Operational Test and Evaluation Activity, Bldg 5423R1, provides operational testing and evaluation to support the Marine Corps mission to man, train, equip and sustain a force in readiness.

NAVFAC

NAVFAC WARTEC facility, Bldg 4990, provides testing and evaluation venue to solicit warfighter feedback.

CAMP WILSON

**"CAMP WILSON" WAS NAMED IN HONOR OF
BRIGADIER GENERAL JOHN BUSHROD WILSON**

IN DECEMBER OF 1952, COLONEL LEONARD F. CHAPMAN Jr., THE COMMANDING OFFICER OF THE 12TH MARINES AND FUTURE 24TH COMMANDANT OF THE MARINE CORPS, BROUGHT THE REGIMENT TO TWENTYNINE PALMS, CALIFORNIA TO CONDUCT THE FIRST LARGE-SCALE, LIVE-FIRE EXERCISE. UPON EXERCISE COMPLETION, THE MARINES RAISED A FLAG OVER THE BASE CAMP NAMING IT "CAMP WILSON" IN HONOR OF THE REGIMENT'S FIRST COMMANDING OFFICER, "BRIGADIER GENERAL JOHN BUSHROD WILSON"

VERIFIED BY SERGEANT MAJOR RAY WILBURN (RET.)

Located nine miles northwest of Mainside, Camp Wilson is the Marine Air Ground Task Force Training Command's expeditionary staging area for units participating in training exercises aboard the Marine Corps Air Ground Combat Center in Twentynine Palms, California.

Adjacent to the Strategic Expeditionary Landing Field, Camp Wilson provides an austere environment with many of the challenges Marines will experience at current Forward Operating Bases around the globe.

ACE Compound

The Air Combat Element compound has nine K-Spans for ACE operations; each with limited power and lights, and wired for DSN phone lines and the Marine Corps Enterprise Network.

Aid Station

Bldg 5424, a standard K-Span with climate control, lights and limited power, is available for use as a consolidated aid station.

Armory Compound

The armory compound has 16 portable armory units with intrusion detection system.

Billeting K-Spans

Numerous billeting K-Spans are available. Each has 30 cots, lights and limited power.

Chapel

Chapel of the Desert, Bldg 5413, seats 200 people. It can be used for religious services and classroom instruction.

Communications Pedestals

The camp has 45 pedestals providing single-mode fiber-optic cable access to interconnect data networks to exercise forces. Designated locations also provide garrison MCEN-N access and tactical DSN phone services.

Exercise Control Facility

The Exercise Control Facility has eight trailers for office space and classroom instruction, a motor pool and briefing center with unclassified video-conference capability. Reserve through the Range Facility Management Support System.

Expeditionary Energy Office

The Expeditionary Energy Office provides innovation for increased combat effectiveness.

Feeding Site

The Camp Wilson Expeditionary Field Feeding Site supports service-level training with mess attendant services where units can plug in their organic equipment. It also serves as a ration receiving/issuing point.

Fire Department

The Combat Center Fire Department, Bldg 5419, provides all-hazard, all-risk fire, rescue and emergency medical services. For emergencies, call (760) 830-3333. Call box available when fire personnel are off-site.

Fuel Farm

The fuel farm features six commercial fuel tanks with 70,000-gallon capacity.

Heads

The camp has 23 heads. Each has eight showers and sinks, and six toilets.

HLZ

The Helicopter Landing Zone supports all Marine Corps rotary wing platforms.

Laundry

The laundry facility provides 27 commercial washers and 11 commercial dryers free of charge.

Loading Ramp

The loading ramp supports six tractor-trailer spaces.

MAGTF Compound

The Marine Air Ground Task Force (MAGTF) compound has five K-Spans dedicated for COC space. Each has limited power, lights, and is wired for DSN phone lines and data support for tactical systems.

Motor Pools/Vehicle Staging Areas

The camp has nine 7-acre motor pool lots for vehicle staging. Some have maintenance bays.

Outdoor Classroom

The outdoor classroom seats 800. It can be used for classes, ceremonies and other unit activities.

Trash Collection Point

The trash collection point accepts trash and recyclables. No range dunnage accepted.

Water Point

The potable water point is at the intersection of CW Alpha and Coyote Valley.
